

## CCCCnotes.com Basics

The “page” is divided into three parts:

**Top:** This stays visible and contains basic information including our logo [patch designed by one of our CCCC singers around 1987], current date, last update, and Chorus announcement phone number.

**Left:** Navigation links. This section stays visible while you are on the CCCC website. Details follow.

**Center:** This is where the action is! It starts with the Home Page.

### Description of the major navigation links.

(We suggest you go on-line and try these links.)

**Home:** This is the opening page where most of the “news” will appear: announcements, upcoming scheduled events, schedule changes. (Remember, in case of emergency situations or sudden bad weather, dial the Chorus number: 410-871-3391. **This is for announcements only.**)

**About us:** This gives more in depth information about CCCC. Our mission statement, brief bio on directors, Chorus history, normal rehearsal schedule, location of rehearsals, descriptions of the various choirs, Chorus historical highlights.

**Handbook:** Our current handbook in pdf is available here. The pdf version allows you to save and print your own copy. If the Handbook is changed, the latest version will be available here. The webpage will indicate which version is latest.

**Newsletters:** Last and current season’s newsletters, beginning with this September edition, will be available here. They will be available the first Tuesday of the month. [For any members who pay a nominal fee, both the Handbook (and any updates) and current Newsletters will be printed for them, and available from their Choir Coordinator.]

**Members info/forms:** This is a section we are developing with your help. The initial page takes you to additional links. There is a link for Members Only. The other links contain necessary CCCC forms in pdf, print them to fill out and turn in.

**Members Only:** This area is password protected and only for CCCC members. We plan to have members contact information for carpooling and do NOT wish to share that with the rest of the internet. Also, Choir Coordinator pictures, Email, and phone numbers are found here to provide you with contact information for the various choirs.

**Email Me** is where you can email the webmaster.

**Trading Place** is for uniform trading. You can “Read” the requests or “Post” your request: enter your Email, name, and a brief message stating your “Need” or “Outgrown, for sale” information. Follow the instructions on that webpage. (It begins in the Read mode if there are any messages.)

**Calendars:** There are two formats: “normal” on-line calendar and group specific text calendars provided by the directors. The “normal” calendar may NOT have individual MM, LPV, DB, BC, or VV information.

**Get Directions:** This webpage includes links to places CCCC groups will perform or practice (including McDaniel College and Carroll County Public Schools). For your convenience, there’s also Mapquest link.

**See where we’ve been:** Photo Gallery: View some travel pictures.

**Contact us:** This is where you can change or update your own contact Email. It is also the gateway to the webpage for CCCC Staff (with Pictures and Email links).

**Estonia related:** As you might know, Westminster is a partner city with Paide, Estonia. This webpage has a link to a live webcam showing the town square in Paide! It also holds copies of local newspaper articles related to Estonia.

**Newspaper articles:** This webpage holds copies of CCCC related newspaper articles.

The following links open another instance of your web browser and keep the CCCC website open in the background.

**Links to our musical partners: They support us, we support them!**

**Carroll County Community Concert Association:** Our local Community concert association! Check this out, you don’t have to waste gas & pay for parking to see high quality entertainment.

**Old Line Statesmen**  
**Masterworks Chorale**
